

**Zanett, Tri-Valley: Earth Volume Plays**

April 6, 2010

By Robert Holmes

NEW YORK ([TheStreet](#)) -- Several stocks trading near \$5 were moving on above-average volume during Tuesday's session.

**PURE Bioscience** ([PURE](#)) jumped by 27 cents, or 16.6%, to \$1.90 after the company said it received U.S. Environmental Protection Agency registration for silver dihydrogen citrate, or SDC, based disinfectant and food contact surface sanitizer. Volume topped 151,000 shares, compared to the 50-day average daily volume of 119,000.
